### **Business Jet Center Cooks Up Business Monthly Barbeque is Big Hit with Customers & Employees**

**June 20, 2008, Love Field, Dallas, TX...**It's summer time in Texas and that means a Barbeque and a chance to provide some hospitality to Business Jet Center DAL customers. From left, Bill Moltenbrey, Director of Business Jet Center, LTD, serves Chief Pilot Michael Keating and Pilot Patrick Mitchell some traditional Texas BBQ. Keating and Mitchell fly a Hawker 800 for Hensel Phelps Construction Co. based in Greeley Colorado. The company does heavy construction work in various parts of the US including major airport runway and taxiway projects.

"On average, we have a cookout once a month," Moltenbrey said. "It's an opportunity to not only say thanks to our transient customers, but our base customers and employees as well. It's been a big hit and we usually serve up about 200 hamburgers and 150 hot dogs plus all the ice cream you can eat."
